

# AIS-CTR

Affordable, robust and high performance AIS Class-B Transponder

## AIS-CTR Class B AIS Transponder

The AIS-CTR is the latest product for pleasure crafts and smaller commercial vessels market. It brings enhanced safety and a whole new dimension to navigation. The high performance, low cost and highly robust AIS Class-B transponder provides both reception and transmission of AIS data to a fraction of the cost of a conventional Class-A transponder.

### Transmit and Receive

The AIS-CTR Class-B transponder device ensures that you see and are seen by other AIS fitted vessels and coast stations.

### Distress Alert transmit

Distress alert button enables the user to transmit a distress alert with GPS position of the vessel (configurable option additional to the Class B)

### Water Resistance

Robust, coated aluminum case, to ensure the unit is able to operate in the harshest environments. IEC60945—Category C.

### Internal GPS

High performance 16-channel GPS prepared for SBAS services (MSAT, EGNOS and WAAS)
